

Lead your Future. Shape our Change

Generali Global Graduate Program

Are you open minded and want to explore new places?

Would you like a future in a solid, ambitious global company that is driving major change, is rich in opportunity, truly multi-cultural and where people, teams and development really matter? If so you may want to apply to our new **Global Graduate Program**.

This 18-month program will give a great start to your professional career and help you develop your knowledge, your experience and your network at Generali, one of the top global insurance companies. Generali values its people, embracing diversity of thought and ideas and investing in continuous learning and growth. We hope you are ready for an exciting future with us. We are ready for you!

▶ ABOUT GENERALI'S GLOBAL GRADUATE PROGRAM

You will have the opportunity to learn and work in different business functions while building your future career path. You will experience international job rotations, together with on-the-job and off-the-job training, and virtual on-line studies. Group and individual project works will be present throughout the program as well as consistent and structured feedback. Besides all this, there will be an amazing opportunity for you! During the 18-months program, in fact, you will attend a "Generali Mib Masters in Insurance Management" provided by Mib School of Management. You will be able to combine the global strategic perspective of Head Office with the specific challenges of the local business unit in different countries. You

will be working with a wide community of international professionals recognized for their know-how in the insurance business and, with our support, you will start building a challenging and exciting future and shape the change of our Group. Get ready for the journey of your life!

▶ WE ARE LOOKING FOR

We are searching for talented candidates from all over the globe. We invite you to apply to this exciting new program if you meet the following requirements:

- Recently graduated (or will be soon graduating) in Economics, Business, Finance or Quantitative degrees (Maths, Statistics etc.).
- Proven brilliant academic career.
- Full availability starting from September 2015.
- No more than two years of work experience (excluding voluntary and internships).
- Full professional proficiency in English and one other language.
- International exposure (at least 4 months spent working, studying, or volunteering outside your home country).
- Highly motivated, international, open mindset, willingness to relocate globally.
